**What is
Getting Ahead? (GA)**

Getting Ahead in a Just-Gettin'-By World (GA) is a 16-20 week program that helps individuals in poverty build their resources for a better life.

- Participants in GA are called Investigators because they build skills to discover their own solutions.
- Investigators develop tools and resources to meet their needs and build a better life.
- Investigators work in a small group to share their experiences and share knowledge with each other.
- Participants are compensated for their time when they attend a weekly three hour meeting

GA is internationally recognized for its interactive small group format. No one “teaches” you what you need to learn – you discover what’s best for you.
